### PROFILE

I am a highly skilled and experienced Front-End Web Developer with a proven track record of successfully designing and developing responsive and user-friendly websites using the latest technologies and best practices. My work has consistently exceeded client expectations and resulted in improved online presence, increased engagement, and overall satisfaction.

### WORK EXPERIENCE

April 2021-Till now

- 
- Proficient in HTML5, CSS3, JavaScript, React, Bootstrap, Tailwind CSS, and other front-end frameworks and libraries to create responsive and interactive user interfaces.
- Implemented cross-browser compatibility and optimized website performance to ensure flawless user experience across various devices and browsers.
- Conducted rigorous testing and debugging to identify and resolve issues, ensuring the highest quality and reliability of the final product.
- Adhered to industry standards and best practices, including accessibility guidelines, to ensure the websites are inclusive and accessible to all users.
- Continuously updated and expanded my knowledge and skills to stay at the forefront of industry trends and technologies.

### Front-end Web Developer Trainee

Cologixs

January 2023-March

- Completed a comprehensive three-month training program as a Front-end Web Developer at Cologixs from January to March 2023.
- Received hands-on guidance and mentorship from industry professionals, facilitating rapid skill development.
- Acquired proficiency in essential technologies including React JS, HTML5, CSS (including Tailwind CSS and Bootstrap), and JavaScript.
- Embraced a dynamic learning environment, fostering both personal and professional growth.
- Equipped with a solid foundation in web development, ready to embark on a successful career journey.
